MAINSTAGE THEATRE FOR GROWN-UPS

Since 1991, B Street has been consistently recognized as one of the region's top professional theatres. Each season our dedicated team of artists produce 7 contemporary plays (often regional, national or world premieres) that are enjoyed by our 7,000 subscribers and members of the community. B Street is a LORT Theatre and a Core Member of the National New Play Network.

FAMILY SERIES THEATRE

B Street is Northern California's only fully professional resident theatre for children. Each year, we produce four educational plays, each running 3-6 weeks. Each play offers up to 8 student field trip matinee performances per week and up to 12 public performances for families. With a seating capacity of 380, we have the potential to reach over 64,000 people each year.

SCHOOL TOUR

For 30 years, B Street has provided a fully professional touring production that spans 12 counties and reaches upwards of 200,000 students in school each year. The tour also provides students the opportunity to submit their own plays for a chance to see their work produced as a part of the series.

WORKSHOPS AND RESIDENCIES

B Street's professional Teaching Artists lead a variety of skill-building theatre workshops, which are regularly offered onsite, in schools, in hospital settings and for adults on probation. Our English language development workshops alone reach upwards of 150 refugee students each year. These workshops are core to our mission statement, which is to promote education and literacy, social interaction and cultural enrichment.
